

The ACUMA Incorporated Awards for Excellence in Campus Service

Application Categories

The ACUMA Awards for excellence are designed to recognize excellence in the design, production and implementation of services and products by ACUMA member organisations.

The ACUMA Awards aim to reward the valuable service that campus service organisations provide to their members and campuses throughout the year.

You are required to submit examples of products which can be judged against other member submissions.

Winning awards will be presented at the annual ACUMA Conference Dinner.
